

Airport Plan

This symbol in the top right of your screen will give another map. On the map you will see a red dot. - That is where you are.

The airport is made up of 4 'worlds'. These are:
 Outside the terminal
 T2 ground floor & first floor
 T1 ground floor
 T1 first floor and Millennium Walk
 When the cursor changes to a hand as you move through the terminals, click and you will go into the next 'world'.

Don't rush through the terminals. You will lose the customers you are guiding!
 Be patient when looking for someone coming to see you - they sometimes take a little time to get there!
 THINK about what you are asked to do and where you need to go!
